Journal of Physiology & Pathology in Korean Medicine

• General Information
Journal of Physiology & Pathology in Korean Medicine launched in 2001. Types of manuscripts include: 1) Original research articles and 2) Reviews on experiment results, innovative experiments methods reflecting Korean Traditional Medicine Theory, and new interpretation of existing results from the view point of Korean Traditional Medicine, 3) Case reports, and 4) Brief Communications or Notes on technical advance reflecting traditional oriental medical theory. The Journal of Physiology & Pathology in Korean Medicine is a bimonthly journal, publishing on 25th of February, April, June, August, October, and December. The official title of the “Journal of Physiology & Pathology in Korean Medicine” and the abbreviated title is “J Physiol & Pathol Korean Med”. All submitted manuscripts are peer-reviewed by three reviewers. The text may be written in Korean or English. The abstract and references should be written in English. Some, or all, of the articles in this journal are indexed in KCI and DOI/Crossref. The journal provides free access to the full text of all current and archived articles on its website http://www.hantopic.com/kjopp/KJOPP.htm. This work was supported by the Korean Federation of Science and Technology Societies(KOFST) grant funded by the Korean government.

• Aims and Scope
Journal of Physiology & Pathology in Korean Medicine publishes high quality studies related to the traditional oriental medical theories and concepts of pathology and physiology, including areas of integrative biomedical research and new findings contributing to the development of Korean Traditional Medicine in general.

• Subscription Information
Journal of Physiology & Pathology in Korean Medicine (pISSN 1738-7698(changed in 2005 from 1226-0436), eISSN 2288-2529)
